# ACCOUNT ACTIVATION IMMEDIATE

It takes less than 5 minutes to activate and gain access to your Blumira account.

# CONFIGURATION / REVIEW

**DAY 2-5** 

Any follow-ups required for testing, initial tuning of rules, or configurations.

### **CONTINUOUS MONITORING**

**24/7 ONGOING** 

Blumira's platform watches over your network, detects and notifies you of anomalies, and immediately blocks or contains threats.

\*On average, depending on number & type of integrations

#### LOG INGESTION

**4-5 HOURS\*** 

A dedicated Solution Architect schedules 3-4 sessions to guide you through onboarding.

#### **DETECTIONS DEPLOYED**

# IMMEDIATELY AFTER INGESTION

After ingestion is set up, Blumira automatically applies detection rules to your account.\*\*

## 24/7 SECOPS SUPPORT

Blumira's Security Operations team is always on standby to help with critical priority issues.

\*\*Over 200 rules for Windows, firewall, M365

The one thing that really stood out right away was the ease of deployment - I had a working trial operational inside of an afternoon.

-- Fritz Ludemann, Information Systems Admin, The City of Crescent City

### TRY XDR TODAY

Blumira makes security easy and effective for SMBs, helping them detect and respond to cybersecurity threats faster to stop breaches and ransomware.
